

Oct. 22, 2026

Dear Rocky View Schools Families,

The Board of Trustees of Rocky View Schools is planning for the future of school calendars and would like your input.

As we consider the 2027/28 school year and beyond, we want to understand what matters most to you when developing school calendars including school start dates, non-instructional days, extended breaks and other key priorities.

An online Calendar Preferences Survey is now open through November 12. Your feedback will help inform future decisions regarding school calendars.

[Visit RVSEngage.com to complete the survey.](https://www.rvseengage.com)

The survey results will shape future calendars, with a follow-up survey expected in early 2027 to help choose the 2027/28 and 2028/29 calendars.

Your voice is important as we work to develop calendars that support student learning and reflect the priorities of our school communities.

Thank you for your time and feedback.

Sincerely,

Fiona Gilbert
Board Chair
