

March 19, 2026

Dear parents and guardians of future Beiseker Community School Kindergarten students,

After considering community feedback through the [Alternating Full-Day Kindergarten public engagement](#) and all available information, I have decided against recommending this change to the Rocky View Schools (RVS) Board of Trustees for a decision. The public engagement did not demonstrate enough support among the community for a full-day, alternating day Kindergarten program at this time. Kindergarten programming at Beiseker Community School will remain its current daily, half-day schedule.

The public engagement for Beiseker Community School was conducted in January. Of 27 responses, 63 per cent supported changing Kindergarten to a full-day, alternating day schedule. This fell short of the 65 per cent threshold required by RVS' [Administrative Procedure 211 Alternate Day Kindergarten](#).

We recognize this news will be disappointing for some and reassure you Beiseker Community School has wonderful, dedicated staff who will make Kindergarten a great experience for your child and your family.

RVS values all the feedback shared throughout the Alternating Full-Day Kindergarten engagement. Thank you for your time and contributions.

Sincerely,

A handwritten signature in black ink, appearing to read "Ryan Reed".

Ryan Reed
Superintendent of Schools
